

# Mini DSI Pour PME

Infrastructure Informatique

# Bogdane Braoun

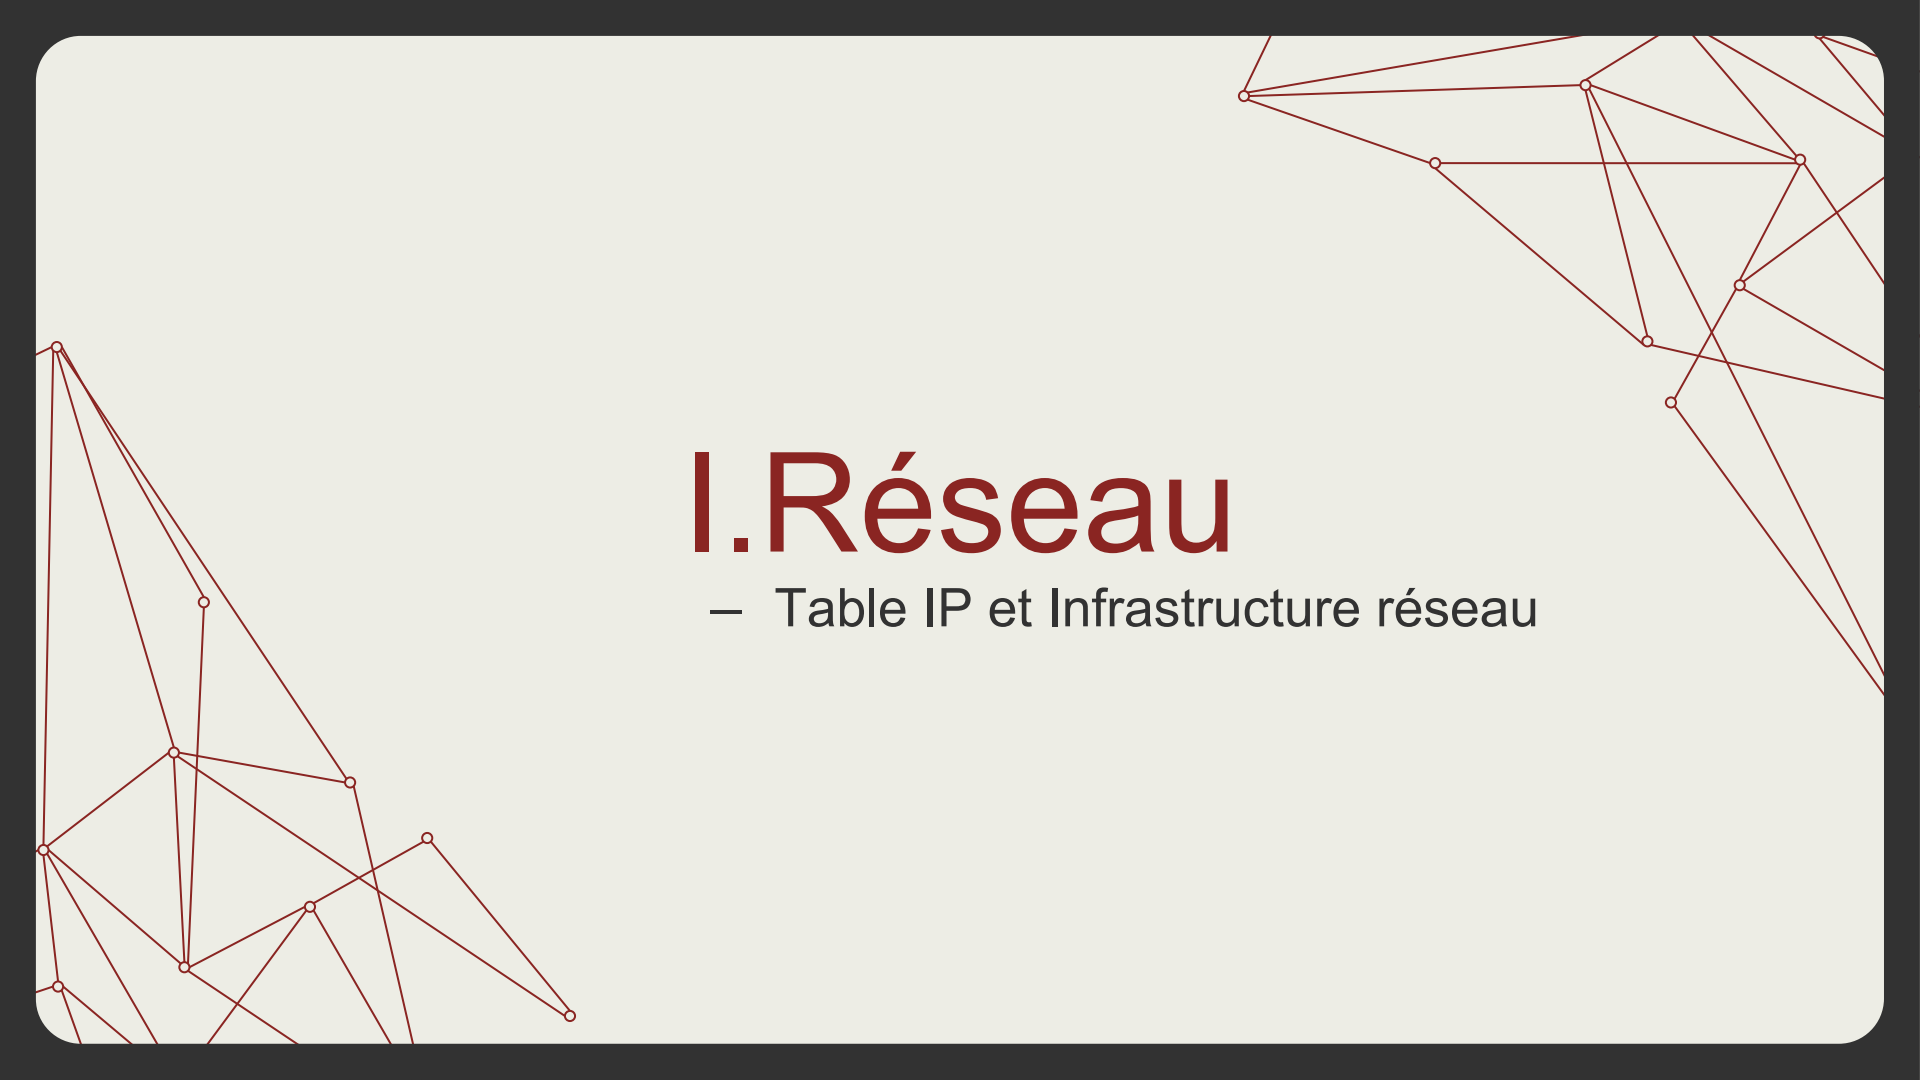

Administrateur Windows Server

# Tiago Ramos

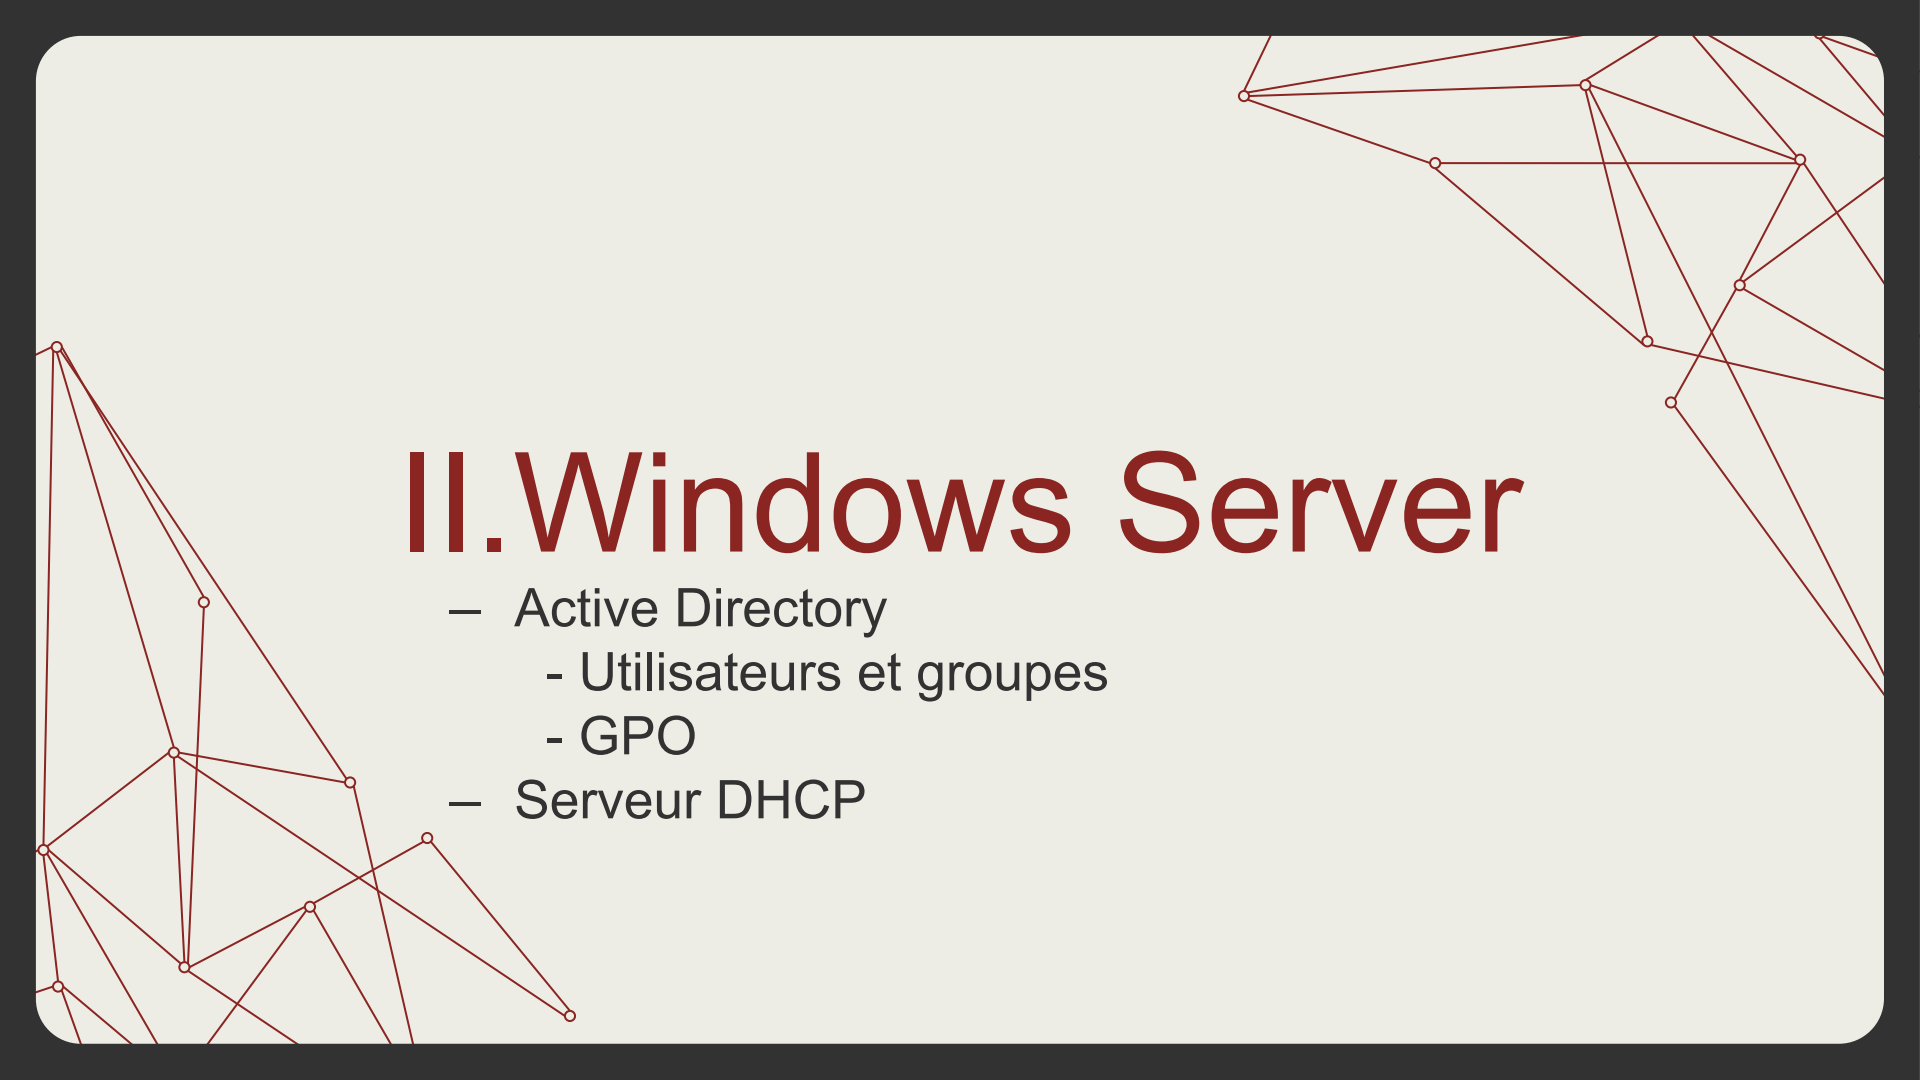

Administrateur Linux Server

The slide features a light beige background with dark red rounded corners. In the corners, there are abstract network diagrams consisting of small white circular nodes connected by thin red lines, forming a web-like structure.

# I. Réseau

– Table IP et Infrastructure réseau

An abstract geometric pattern consisting of thin red lines and small white dots is located in the corners of the slide, forming a network-like structure.

# II.Windows Server

- Active Directory
  - Utilisateurs et groupes
  - GPO
- Serveur DHCP

The slide features a light beige background with abstract geometric patterns of thin red lines and small white dots in the corners. These patterns resemble network diagrams or complex polygons. The main content is centered on the slide.

# III.Linux Server

- Intégration AD
  - Samba
  - Kerberos
- Serveur de récupération

# IV.Les Tests

# V. Questions

The background of the slide features an abstract geometric pattern in the corners. It consists of thin red lines connecting small white dots, forming a network of triangles and polygons. This pattern is located in the top-left, top-right, bottom-left, and bottom-right corners of the slide, leaving the central area clear for text.

# Merci
